62. Update on Gateway Theatre Company

Members received an update from the Chair of the Gateway Theatre Company ('GTC'), in particular with regard to finance, H&S and a culture change within the organisation including:

- all GTC staff had now left or resigned, which had left the trustees to carry out day-to-day management and rethink how the organisation operated and how they could increase business and reduce costs, as the costs were very high compared to what GTC did
- trustees were currently undertaking H&S checks and scheduling
- offer made to a new manager and formal acceptance was awaited. The trustees were confident that the person to whom the post had been offered had more than appropriate experience
- scheduling had been thoroughly reviewed and high-quality new events added
- GTC had reconnected with community groups including Seaton Carnival, B Sharp, Seaton Music Society and Jazz Jurassic and Seaton Panto was reforming
- a new bookkeeper was being recruited, and this may be covered from within GTC's volunteers. If this happened GTC would be saving about £25,000 per year in salary costs
- a recent incident of criminal damage to the door of the building was being investigated by the police and a local company had agreed to repair the door free of charge

Members noted the update.

Cllr Arnott committed to intervene on behalf of the Seaton Town Council in response to this request.

64. District Councillors' Reports

Cllr Haggerty's written report was noted. Cllrs. Hartnell & Ledger gave verbal reports, highlighting the following:

- a 30 year business plan for housing was being reviewed with a focus on planning and managing repairs to housing stock rather than reacting when issues arise. It was anticipated that this should lead to savings

- £28million in saving was expected over the 30 year period, over all council owned housing and all would meet decent home standards
- a £100 million investment was planned over the same period with 500 properties being built over next 5 years (first stages in Exmouth and Honiton)
- a question was raised as to how this would sit with the imminent local government reorganisation and Cllr Ledger advised that HM government required local housing authorities to set business plans for the long term, which would be adjusted when new structures were known
